

# MADE IN AMERICA: WHY IT MATTERS MORE THAN EVER

## **Bingham & Taylor: 100% American Quality, Reliable Supply, and Protection from Tariffs**

For 175 years, Bingham & Taylor has been a leader in underground utility access solutions, proudly manufacturing 100% in the USA. Today, as tariffs, supply chain disruptions, and quality concerns impact the industry, our commitment to American-made products is more critical than ever.

## WHY CHOOSE AMERICAN-MADE?

### No Tariffs, No Surprises

The latest tariffs on imported cast iron and steel products are driving up costs and causing pricing uncertainty for companies relying on foreign suppliers. Because every Bingham & Taylor product is made in the USA, our customers avoid unexpected cost spikes and supply disruptions.

### Unmatched American Quality

Imported products often fail to meet industry durability and performance standards, leading to high defect rates and costly failures. Our products are engineered for long-term performance, including **durable, high-quality, 100% poured in America cast iron.**

### Reliable Supply Chain & Faster Delivery

Global shipping delays and import restrictions create uncertainty for contractors and municipalities. As a 100% American manufacturer, Bingham & Taylor controls production from start to finish, ensuring:

- ✓ Faster lead times
- ✓ Consistent availability
- ✓ Reduced project delays

## OUR LEGACY OF LEADERSHIP & INNOVATION

Founded in 1849, Bingham & Taylor has shaped the industry for 175 years.

- ✓ Inventors of the Original Buffalo Box, height-adjustable service boxes, and numerous security solutions.
- ✓ Founding members of AWWA and AGA, setting industry standards.
- ✓ Decades-long WASDA membership, with a long history of supporting our distributor network.

## PROUDLY SUPPORTING U.S. INFRASTRUCTURE

Bingham & Taylor products are compliant with:

- ✓ Build America, Buy America (BABA) Act
- ✓ American Iron and Steel (AIS) Act
- ✓ Water and gas utility requirements

## Choose BINGHAM & TAYLOR. Choose American Strength.

- ✓ 100% American-made
- ✓ No tariffs, no delays
- ✓ Proven quality and performance
- ✓ A 175-year legacy of excellence
